

GREEN SCHOOLS

An environmental education program of Art From Scrap

Student Environmental Project Portfolio

Project Title: _____

Student Name or Names: _____

School: _____

Teacher: _____ **Grade:** _____

Instructions:

This portfolio is designed to help you document your Individual Environmental Project and communicate to others what you did. Answer the questions on the following pages (use the backs of pages if you need more room). You are required to include photos or drawings of your project, along with any letters, articles, etc. that were part of your project. Use the journal pages in the back to keep notes on what you did, what you learned, phone numbers, addresses etc. Turn your completed portfolio into your teacher by Thursday, April 12, 2007 to be honored as a “**Student Environmentalist**” at the Santa Barbara Earth Day Festival. If you have questions about your project or completing the portfolio ask your teacher or contact Tahara Ezrahti, AFS Education Coordinator at 884-0459 x 12 or enviroed@artfromscrap.org

1. Briefly describe your project. Include: what you did, where the project took place, and whom it was for.

2. Why did you choose this project? Was it part of a larger class project?

3. List any supplies used.

4. List the steps involved in carrying out your project.

5. What did you accomplish by the end of your project?

6. How does your project help the environment (how does it improve the quality of our air, land, water and natural resources)?

7. What did you learn by doing your project?

8. What advice would you give someone else wanting to do a similar project?

Documentation

Use the next several pages to paste photos or drawings along with letters, articles etc. that were part of your project.

Journal

Use the following page for notes about your project. Include ideas, sketches, phone numbers, addresses, what you did each day, and anything else that will help you answer the questions in the portfolio. Be sure to date your journal entries.
